

## COURT SESSION COMES TO END SATURDAY NITE

GRAND JURY DEPLORES LACK OF CO-OPERATION GIVEN.

Two Liquor Cases Transferred to Potter—Buster Damage Suit Favors the Defendants.

The three weeks' term of district court came to a close Saturday, and Judge Henry S. Bishop opened another session of district court in Amarillo Monday.

The case of S. W. Buster and wife against C. A. Reilly was concluded Thursday, the jury assessing damages to Buster in the amount of \$384.50, and to Mrs. Buster in the amount of \$2,875.00. Mrs. Buster was hit by a truck on the highway north of Canyon last summer when they had stopped to render aid in an automobile wreck.

B. C. Wesley was given a three years suspended sentence on a robbery charge.

In the case J. W. Millermon et al vs. the Texas Utilities Company, the plaintiffs were given \$1,000 upon an agreed settlement.

The liquor cases against H. C. Fields and George Johnston were transferred to Potter county, and will be tried during the present term of district court.

In the case of C. R. Garner et al, vs. O. T. Roddy, judgment was rendered for the plaintiffs.

In two cases the Peck, Wright, Peck Investment Co. was given judgment by default. One of the cases was against W. E. Whitfield and the other against Annie J. Morris.

W. A. Warren, L. T. Lester and G. B. Heath were called as a jury commission Friday to select jurors for the next term of court.

The grand jury met Thursday and closed its work of the term. The following report was filed with the judge:

Report of the Grand Jury in and for Randall County, Texas, January Term, A. D. 1932.

To the Honorable Henry S. Bishop, Judge of District Court:

We, the duly selected and empaneled Grand Jurors for the January Term, A. D. 1932, Randall County, Texas, have completed our investigations for said term, and make the following report:

We have been in session for 5 days and have carefully and diligently investigated all cases, both felony and misdemeanor, called to our attention. We have investigated 10 felony cases, and cases involving 2 misdemeanors. We have returned 3 felony indictments, and have had approximately 50 witnesses before us on various criminal matters. In most cases the available evidence was insufficient to warrant any action on our part.

We regret to report that some of our investigations have been hampered to a certain extent on account of the failure of some of our citizens to fully appreciate their duty as citizens in co-operating with the Grand Jury in every way possible in obtaining lawful evidence against law violator. We feel that the citizenship should more fully realize their responsibility in law enforcement.

We have completed our work, and ask that we be discharged for the term.

H. W. CRAIN, Foreman, of the Grand Jury.

## Free Delivery for Express Extended to Most of Canyon

R. McGee received notice yesterday that beginning Monday free express service would be extended to practically all parts of the city. Mr. McGee urges that in making orders for express delivery that the street numbers be added so that deliveries may be made promptly.

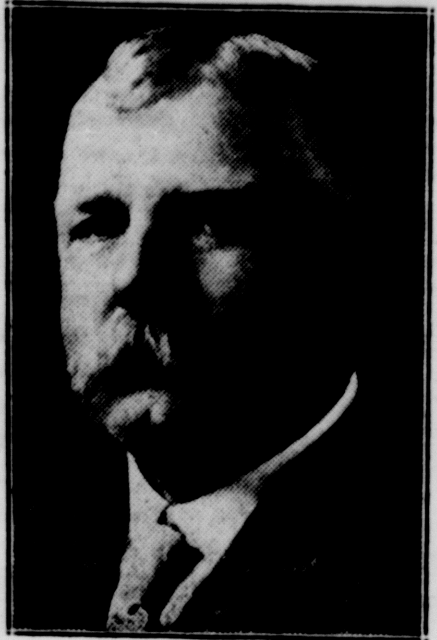

Express packages for out of town will be picked up free by calling the depot or C. A. Higdon who has the express delivery contract.

## J. J. Bauer Makes Announcement for Commissioner No. 3

J. J. BAUER

J. J. Bauer authorized Tuesday the announcement of his candidacy for re-election to the office of County Commissioner, Precinct No. 2. Mr. Bauer is serving in this office, and has been urged by his many friends and neighbors to stand for re-election.

During his term of office Mr. Bauer has always stood for progress, but at the same time demanding economy in every phase of the county's business. He states that under present conditions he is in favor of reducing every expenditure to the minimum so as to hold taxes down as low as possible.

Mr. Bauer is much interested in the highway program of the county and wishes to see the work completed which was started a few years ago. He has been a member of the Commissioners Court since bonds were voted for the highway improvement program, and will devote his time to see that the remaining miles of Highways 9 and 33 are paved as soon as possible.

In presenting his candidacy to the voters of Precinct No. 3, he states that he is asking for re-election upon the merits of his record in office, and that he will continue to serve not only the best interests of his precinct, but the entire county as well, if re-elected in the July primary.

## Kansas District Governor Talks to Rotary Club Tues.

Governor Ed J. Zimmerman of Wichita, Kansas, Rotary Governor of the 8th District, visited the Canyon Rotary Club Tuesday and spoke on the international convention of Rotary held at Vienna last summer. He was attending the convention of Orthodoxists held in Amarillo, and together with several other Rotary members took this occasion to make up the weekly attendance in Canyon.

Visitors present were: Frank H. Harrison, Wichita Falls; Curtis Williams, Shreveport, La.; Weldon Nussbaum, Plainview; Owen H. McCarty, Tulsa, Okla.; Bill Overmyer, Muskogee, Okla.; Hamer B. Rodison, Hutchinson, Kansas; Richard Gribble, Dodge City, Kansas; Ben Anderson, Amarillo, Frank Butler, Amarillo, Jess Sanders, Amarillo; Miss Hazel Allen, Canyon, Fred E. Wortham, Canyon.

The birthdays of W. A. Warren and Oscar Gano were recognized. Floy Savage was in charge of the program, and introduced the speaker. Governor Zimmerman told of the wonderful convention of Rotary International last year, when 65 nations of the 67 in which Rotary has been established were represented. Rotary has grown much faster in Europe the past few years than in the United States, and the leaders of Europe are looking to the spirit of Rotary to solve many of the perplexing national difficulties. There is growing in Europe the spirit of sitting down and talking things over in a friendly spirit. Europeans are taking Rotary most seriously.

## Bigger Eggs Will End Depression Say Chickens

Bigger eggs will end the depression, or so seems to be the idea advanced by the prize winning Buff Orpington chickens owned by Mrs. Oscar Hunt.

An immense egg, measuring six inches around the middle and eight inches around the length was sent to the News office Wednesday by Mrs. Hunt. "When people buy a dozen eggs from me, they often get three dozen, if size means anything," said Mrs. Hunt.

## BUFFS TAKE A PAIR OF GAMES FROM AGGIES

RUN UP BIG SCORES MONDAY AND TUESDAY.

Simmons Cancels Game Here, and Panhandle A. & M. Comes—Team Left Yesterday on Trip.

When Simmons University wired Friday cancelling the two games scheduled with the Buffaloes for Monday and Tuesday night, Coach Sad Sam Burton took on the Panhandle A. & M. College team of Goodwell, which had split a two game series with the Amarillo College Badgers. At the same time Burton cancelled the two games scheduled with Simmons at Abilene for next week, thus taking Simmons off of the Buffalo schedule for this season.

The Buffaloes won Monday night 77 to 28 and Tuesday night 90 to 18. Burton used his second string about half of the games, but took the opportunity Tuesday night to work on some weak spots in the Buff playing before leaving for the road trip yesterday.

The Buffs play Denton Friday and T. C. U. Saturday night. These games are considered to be the most important in the Buff schedule this year.

## Snow and Sleet Brings .10 Inch Moisture Monday

Snow, sleet and rain all fell during the course of the afternoon Monday, adding .10 of an inch of moisture. It is stated that this moisture will be of great benefit to the wheat, which is developing rapidly with the most favorable winter moisture the Panhandle has had in years.

The thermometer dropped to 20 degrees above zero Monday at 6:00 o'clock, which was the coldest of the week. The temperature dropping several degrees from 4 to 6 o'clock, and then rose steadily.

The West Texas Gas Company has installed a government thermometer with automatic register for a week's period. The correct temperature is recorded every minute of the day.

The temperature went up rapidly Tuesday and all of the snow quickly disappeared.

**TO SPEAK IN AMARILLO**  
Mrs. Geraldine Green will speak at Parent-Teacher Associations in Amarillo four times before the close of the year. Her first talk will be February 12. On March 8 she will speak to the Wolfelin School Association. On April 4, she will be the speaker at the meeting of the P. T. A. Council, and she will address the Alice Landregerin Association on April 25.

Judge W. I. Gamewell was a business caller in Pampa Tuesday. He spent most of last week at Hobbs, N. M., on law business.

## Berl E. Mayfield Announces Office County-Dist. Clerk

BERL E. MAYFIELD

Mrs. Berl Edwards Mayfield has announced that she will seek re-election to the office of County and District Clerk of Randall County, subject to the action of the Democratic Primary, July 23, 1932.

In making the announcement for re-election Mrs. Mayfield says, "I wish to let the people of Randall County know that it has been a pleasure to serve them, and that I appreciate the confidence they have expressed by electing me to the office. If they choose to re-elect me, I pledge that I shall endeavor to conduct the affairs of the office in such a manner as to render the best possible service to everyone and at the same time justify the confidence placed in me by the people."

Everyone knows the record Mrs. Mayfield has made as County and District Clerk, and she feels that her experience in this capacity will be a valuable aid in performing efficiently the duties of the office. It is her desire to see each voter during the coming months, and any support and influence given her will be appreciated.

## Dr. H. W. Sechrist Opens Offices In First State Bldg.

Dr. H. W. Sechrist, formerly of Morse, Texas, opened offices this week over the First State Bank in the rooms formerly occupied by Dr. Grainger.

Dr. Sechrist is an osteopath, physician and surgeon. He is a graduate of the Des Moines Still College of Osteopathy and Surgery and was an interne for five years at the Detroit Osteopathic Hospital.

He and Mrs. Sechrist and their son Buddy, will make their home at 1109 Fifth Avenue.

Mrs. I. W. Scott underwent a major operation in the General Hospital in Amarillo Monday. She is reported to be resting nicely.

## FOUR AMARILLO MEN GIVE \$400 TO HELP STUDENTS

LOAN HELPING BOYS MAKE THEIR WAY HERE.

Agricultural Students Benefit By Loans Made By Firms Interested in Farm Development.

Four hundred dollars, given by four Amarillo business men, is enabling four young men to attend the West Texas State Teachers College. If they are not in college, they would probably be in the ranks of the unemployed.

The men being aided are Jesse Thompson and Faucette Rudolph of Mobeetie, John Aldredge of Odell, and Lloyd Devin of Tulla. The scholarships, of \$100 each, are given by the Tierra Blanca Dairy Farm, the Hardeman-King Company, the Great West Mill and Elevator Company and the Kearns Seed and Grain Company.

Though each boy receives \$100, it is not a gift, for he renders service to the department of Agriculture in which he majors, thus actually earning the money.

Lloyd Devin is the son of a rural school principal of Swisher County. He was in school last summer so he had no opportunity

## Poll Tax Necessary for Job on Highway Rules State Dept.

No man may be employed on the highways of Texas during 1932 unless he can show a poll tax receipt, according to a ruling sent out by the State Highway Commission. The order has been issued in order that citizens of Texas will be assured jobs on public work, rather than floaters who come to the state.

Judge S. B. Orton stated yesterday that the ruling is very important so far as Randall county citizens are concerned. He is confident that contracts will be let on the highways running both south and west from Canyon at the April meeting of the State Highway Commission, and therefore jobs will be available to Randall county citizens who can show a poll tax receipt for this year.

The ruling issued forbids the county, state or contractors from hiring any man during 1932 for highway work unless he has a poll tax receipt for this year.

**AFTER CERTIFIED SEED.**  
County Agent W. H. Upchurch and Fred E. Wortham, secretary of the Chamber of Commerce, were in Tucumcari Monday looking for certified seed for the farmers, which will be sold through the Chamber of Commerce at cost.

## JARRETT TO FRIONA

Dr. R. P. Jarrett will be the principal speaker before the Parmer County Teachers Association at Friona on February 6.

## W. E. Bennett Asks Re-Election Co. Commissioner

W. E. BENNETT

To the citizens of Randall County and more especially, the voters of Commissioner's Precinct No. 4: I hereby announce that I will be a candidate for re-election to the office of County Commissioner, Precinct 4, Randall County.

I am now serving as County Commissioner for the fifth time and am offering myself again on the record that I have made in office. I am very gratified indeed to be able to state that the county's finances are in excellent condition and that the county system of public roads has reached a high state of perfection during the past few years. It appears certain at this time that the State and County will complete hard surfaced roads from Canyon to the County lines (both south on Highway 9, and west on Highway 33) in the next eighteen months.

With a large amount of unfinished work started and with the earnest solicitation of many friends to offer for re-election, I have concluded to make the race again, even at the risk of being accused of being a perpetual office seeker.

I favor holding taxes to the lowest possible minimum and have always contended for absolute equality in the equalization of values for taxable purposes.

Thanking the voters for the confidence they have reposed in me in the past, and with the sincere desire to serve the citizens of Randall County, I wish to remain,

Your humble servant,

W. E. BENNETT

## Dairymen Start in Campaign for More Members in 1932

Plans were outlined for launching the 1932 membership drive of the Randall County Dairymen's Association at the January meeting of the organization held in Canyon Friday night. Over 30 members of the association were present.

The annual TB test sponsored by the association was discussed and a report heard from the committee in charge of arrangements for the test. It was stated that over 700 cows had been listed for the test and it is expected that several more large herds will be added to the list. The test will be held some time in February, the date to be announced later.

P. C. Bennett, county agent of Potter county was present and gave a thorough discussion of the proposed agreement between the whole milk producers and plants regarding a surplus basis.

Joe Gray, of Amarillo, president of the Retail Milk Dealers association was present and made a short talk. Mr. Gray praised the work of the Randall County association and stated that cooperation between the two bodies would prove beneficial to milk producers, both retail and wholesale.

The next regular meeting date of the association is scheduled for February 2.

## Another New Manager For Local M-System

A general switch-up of M-System managers in the Panhandle has brought another new manager, Mack Wooley, formerly of Tucumcari, to Canyon this week to replace Moon Mullins, who took charge last week.

Mr. Mullins was transferred to the Dalhart store to take the place of Golden Green, a former Canyon manager, who left this week for California.

Mr. Lasater will remain as checker.

## TAX PAYMENTS MUST BE MADE BY SATURDAY

ANNUAL PAYMENTS COMING IN BETTER THIS WEEK.

Expect Rushing Business Balance of Week—Poll Tax Payments Running Behind Other Years.

Saturday night ends tax payment time, and rushing hours are expected in the office of the collectors up to midnight Saturday. Taxes not paid by Saturday night are subject to penalty and interest, which will be added on all unpaid taxes.

Poll taxes are running behind in Randall county, with only 817 paid up to yesterday. There are more than 2,000 voters in the county, and it is expected that a large percent of these will pay their poll taxes before closing time Saturday night in order to be able to vote in the elections this year.

Up to yesterday 881 automobile license plates for 1932 had been issued. Owners of cars not equipped with the new plates will be subject to a fine February 1st if they use their cars on the highways or streets.

Tax Collector John Fry states that a large number of citizens owing delinquent taxes have taken advantage of the remission of penalty and interest and have been paying up back taxes. Delinquent taxes, not paid this week, will again be assessed penalty and interest starting Feb. 1st.

A total of 1158 property tax receipts have been paid so far this year.

J. W. Shanklin, collector for the Canyon Independent School District, states that about 45 per cent of the taxes on the rolls had been paid up to yesterday. He was expecting a big rush on payments during the remainder of the week. The schools have been on a cash basis all year, but if payment of taxes were not promptly made, the schools would be in difficulty during the balance of the year.

## Mrs. C. P. Hileman Died Thursday, at the Age of 90 Years

Mrs. Nancy Hileman, aged 90 years, died at the family home southwest of the city Thursday afternoon following a short illness. The funeral services were held Saturday afternoon at 2:00 o'clock at the Presbyterian church, of which organization she was a member, conducted by Rev. W. C. Kunze.

Mr. and Mrs. Hileman have lived in Randall county for thirty years, being engaged in the cattle business and farming. The family is among the pioneers, and is well known.

Mrs. Hileman is survived by her husband, and six sons, R. E. Hileman of Canyon; C. P. Jr., of Clovis, News, Will, Tom and Jeff, all of Canyon.

The pall bearers were Earl Davis, C. P. Robertson, A. L. Glenn, Bill Simms, Clyde McElroy and Grady Oldham.

## Will Lay Off Nine Holes at Canyon Golf Club Sunday

Bill Bryant, chairman of the Green Committee of the Canyon Golf Club, states that the back nine holes of the course will be laid off Sunday morning. Members of the Club are invited by Mr. Bryant to meet him at the Club Sunday morning at nine o'clock for the purpose of making the location of the greens on the new nine holes.

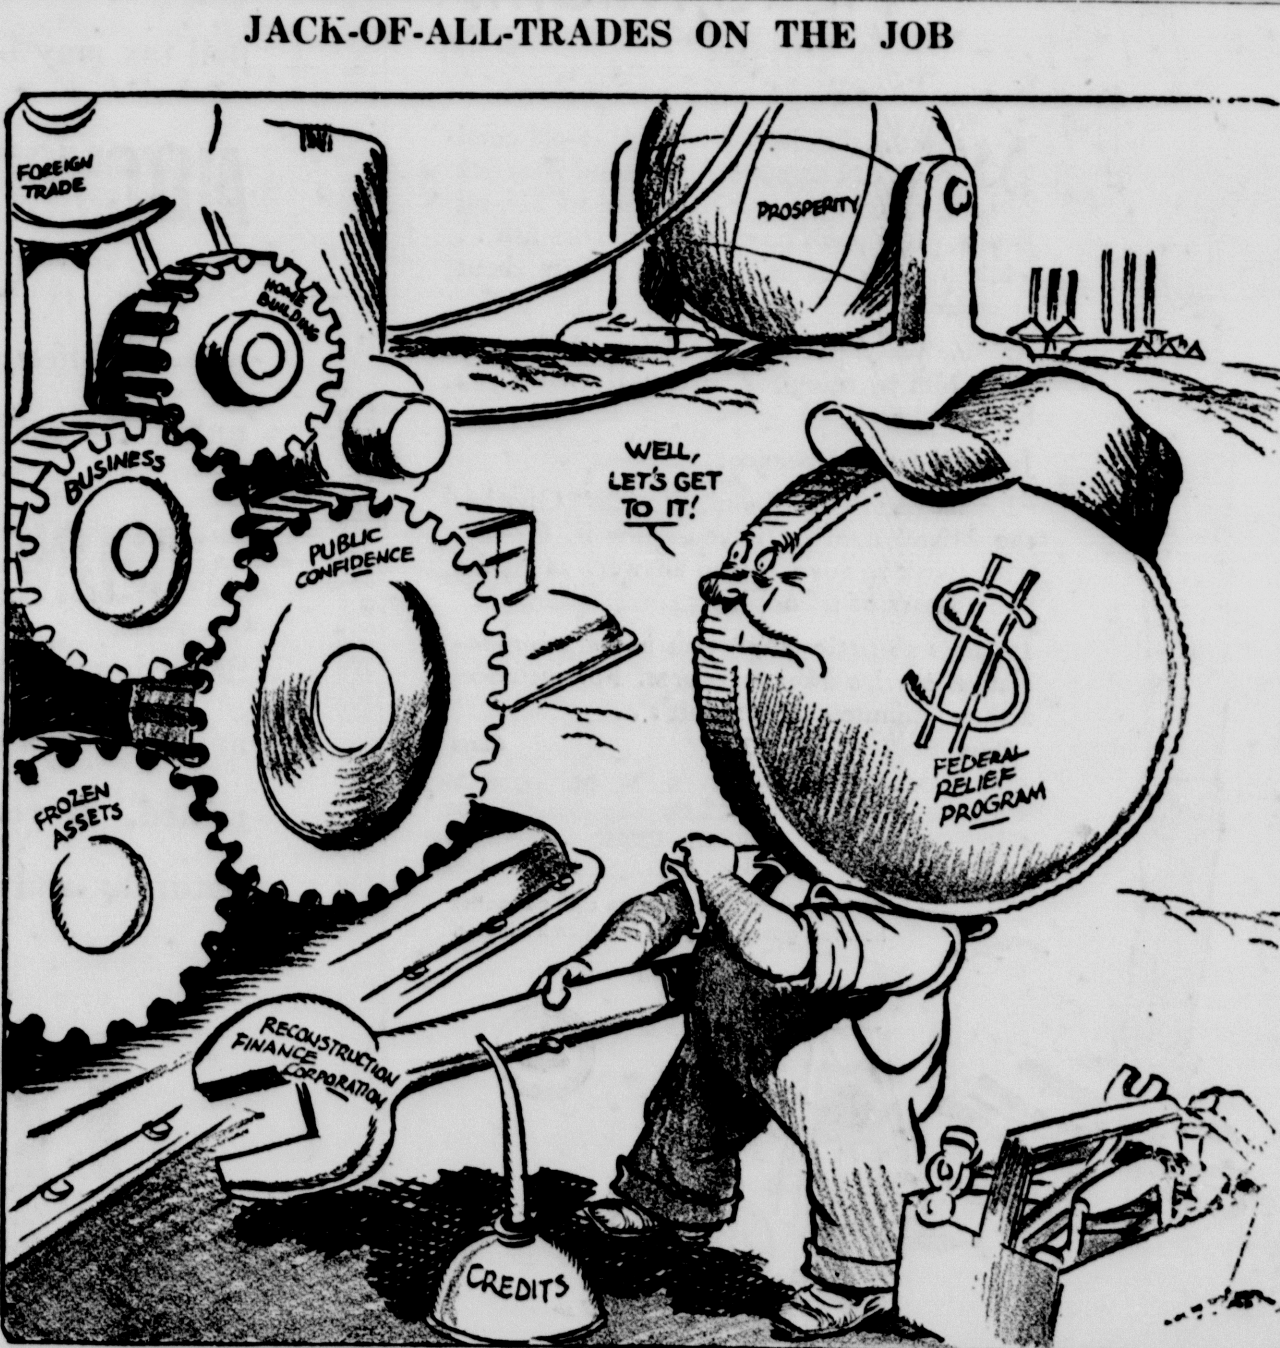

Considerable work has been done recently on the back nine holes, cutting weeds and otherwise getting the ground in shape. As soon as the greens are located work will be started to prepare the nine holes for play in the spring.

The Canyon Club has one of the best courses in the Panhandle, and the addition of the back nine holes will improve the course very much.

## WILL DISCUSS MANCHURIA

On Tuesday, February 2, Dr. C. A. Pierle will speak at the college assembly at eleven o'clock on the present situation in Manchuria. Today's events will be interpreted by Dr. Pierle in the light of his long experience in the Orient.

Mr. and Mrs. Moon Mullins had as their guests Sunday, Mr. and Mrs. L. E. Buckley of Dalhart, Mr. and Mrs. H. E. Dunnivan and Mr. and Mrs. O. N. Mullins of Amarillo.

Indications are that a political war will be staged between Lubbock and Amarillo over the candidacy of Col. Ernest O. Thompson and Senator Pink Parish, both announced for congressman-at-large. Three Lubbock newspapers expressed resentment against the entrance of Col. Thompson in the race, presenting the argument that the South Plains was entitled to a congressman, by right of equitable redistricting which had failed, and that all West Texas should center upon a South Plains candidate. It is to be regretted if this feeling continues through the campaign, as it will certainly mean the defeat of both Senator Parish and Col. Thompson, should Amarillo retaliate and vote against Parish, as Lubbock threatens to vote against Thompson. So far as the News is concerned, we now announce our support of Senator Parish, Col. Thompson and Mrs. Phebe K. Warner. If West Texas will vote for these three, one or more of them will be elected, depending upon the individual strength of the candidate to win votes down state.

The grand jury complains that citizens will not assist in law enforcement. The complaint made by the grand jury in Randall county may be lodged by every grand jury in every county in the United States. We talk a lot about enforcement, and cuss the peace officers for not enforcing the law, when as a matter of fact we will do little or nothing to see that the laws of the land are enforced. Enforcement of the law is not an automatic thing. The hands of the officers are tied unless the citizens will assist. How many people are there in Randall county who would report the sale of liquor if they saw the bootlegger deliver his goods. Not many. Not many citizens will report other kinds of crime, because to do so would mean the witness stand, and the enmity of the law breaker, with perhaps some danger. The enforcement of the law is not alone the duty of the officials. Law abiding citizens have a very important function to perform.

The lead of Franklin Roosevelt for the Democratic nomination continues to grow. In fact, sentiment seems not to crystallize upon any other man in the party, in spite of the fact that several other prominent Democrats, including Al Smith, seem to be willing to stand as the standard-bearer of the party in the coming campaign. It was unfortunate that Al Smith attempted to inject the liquor question in the recent Democratic rally at Washington. Mr. Smith should have learned from experience that no candidate for President can win on this issue. Unless conditions improve by leaps and bounds before the November election, this will be a Democratic year unless the Democrats make fools of themselves again by trying to force the prohibition issue. As a prominent speaker recently stated, "the people of America are more interested in something to eat than they are for something to drink."

Influential and prominent financiers in the East believe that by March 15th there should be a general improvement in conditions in America. By that time the question of tax payment will be over for the year. The question of war reparations will have been settled.

HE WAS A JOLLY FELLOW—  
SO WE BUILT HIM A HOUSE

Just the sort of chap who needed a house—a livable, lovable house that could become a real home. He came in one day and told us a joke or two about the trouble his landlord was having with the plumbing, the heating and what-not, but, jolly as he was, he seemed to feel the joke was on him as a tenant. Seemed to be fed-up on landlords, funny as they were.

Trade conditions didn't bother him so much. In fact, he was brimming over with optimism. Said he thought that NOW was the time to buy a home, with the price never-before-so-reasonable. In this we agreed heartily—and showed him a few plans of homes that could be built so reasonably he couldn't resist them. He selected one and now he is happily settled—a jollier chap than ever.

Perhaps you are just the same sort of a fellow who would be much happier in a home of your own. Drop in and tell us your troubles. We'll be properly sympathetic and helpful.

## MY DEBT TO MY CITY

"The city of Canyon owes me nothing. If accounts were balanced I would be the debtor. Haven't I lived within the limits of the city and shared all of its benefits? Haven't I had the benefits of its schools and churches? Haven't I had the protection of fire, police and health departments? Haven't its people, during all this time been gathering for me, from the four corners of the earth, food for my table, clothing for my body and material for my home? Hasn't this city furnished the patronage by which I have succeeded in my business or profession? Hasn't it furnished the best friends of my life, whose kind words have been my cheer and whose helpfulness has carried me over my greatest difficulties?"

"What shall I give in return? Not simply the taxes which cover so small a part of what I have received. I want to give more; I want of my own free will, to give enough so that I can respectfully say, 'This is my city.' So that I can take pride in 'my city'; so that I can take pride in its prosperity in the honors which come to its citizens, and all that makes it greater and better."

"I can do this only by becoming a part of the city—by giving to it generously of myself. In this way only can I, even in a small part, pay the great debt I owe to Canyon. In the Chamber of Commerce I have my chance, and I welcome it."

I will join other loyal Canyon citizens in the pledge of loyalty:

"I hereby pledge my every effort to bring honor, rather than dishonor, upon my city; to uphold and not tear down its ideals, objects, traditions and institutions and to try, by every word and deed, to quicken the public sense of civic duty, so that I may help to leave to posterity a better city than I found upon entering."

## 10c a Day

If someone came to you and said: "For ten cents a day I will postpone old age, give you better health and more leisure," what would you say? "Yes," of course. Or, if you are inclined to be more skeptical, "rot" or something equally expressive. But we are prepared to promise just that.

Unnecessary manual work means fatigue. Continued over a period of time it means impairment of health, which, in turn, brings old age long before its time.

If the end of the day finds you too tired to entertain, to read, or do the things you wish to do, ask yourself, "What have I done today that electrical appliances could have done for me, or could have helped me do?"

There are many efficient electrical helpers for the home which not only lessen the physical effort required for almost every task, but cut down the amount of time required to do the work "in the old way."

## LAST CALL!

TAX PAYMENT TIME COMES TO A CLOSE

Saturday, Jan. 30

Property owners are urged to call and pay their taxes on or before that time in order to keep their property off the delinquent roll, which will cause penalty and interest to be added.

All of voting age are urged to pay their poll taxes. Property taxes may not be paid without payment of the poll tax, but the poll tax may be paid and the property tax left unpaid.

AUTOMOBILE LICENSE MUST BE BOUGHT

Saturday is the last day when automobiles may be operated with 1931 license plates. Owners of cars will be subject to arrest unless the 1932 plates are on their cars February 1st.

## DELINQUENT PENALTIES REMITTED

Saturday will be the last day upon which delinquent taxes for any and all years may be paid with the penalties and interest remitted. If you have delinquent taxes due, make payments by Saturday and save these charges.

Reports were heard from the committees and the members expressed their regrets upon hearing that Mrs. Helen Bengel and Mrs. Marie Hair were ill.

Birthday offerings were given by Mrs. Bertie Strain, and Miss Maye Warren, members, and Mrs. Nona Munson, a visitor.

Those present were: Mesdames: Louder, Strain, Meyers, Cole, Weeks, Sullivan, Hendrix, Greenfield, Stratton, Laughery, McBride, Munson and Misses Maye Warren and Olive Schramm.

### BAPTIST W. M. S. MEETS AT CHURCH

The W. M. S. of the Baptist church held a missionary meeting at the church Tuesday afternoon. A splendid program on "The Church of Tomorrow" with several special songs was given by Circle 1.

Refreshments of cake and cocoa were served to 30 members.

### MRS. ELIZABETH FRY PAGE RETURNS FROM CONVOCACTION

Mrs. Elizabeth Fry Page returned Wednesday from Lubbock where she attended the Convocation of the Episcopal church held there Sunday, Monday and Tuesday.

Mrs. Page had a prominent part on the program. She gave a review of the pamphlet "Property and Economic Conditions" which was presented at the Denver conference last summer. She also gave a very interesting report on the Little House of Fellowship and student activities.

Dr. E. C. Seaman of Amarillo was signally honored when it was unanimously voted to name the new Episcopal student center to be built at Lubbock, Seaman Hall. The structure is to be built near the campus and in a Spanish style to harmonize with the Tech buildings. It will cost approximately \$10,000. The money was raised through the United Thank Offering of the Episcopal Women's Auxiliary. The building will be opened in June.

### BLUEBONNETS MEET AT BALL HOME THURSDAY

The Bluebonnets met Thursday afternoon with Mrs. A. C. Ball and Mrs. W. D. Pike as hostesses at the home of the former, 1208 Seventh Avenue.

The afternoon hours were spent in doing needlework and in pleasant conversation. A delectable dessert course was served to Mrs. Roy Rogers and Mrs. P. A. Cheatham, special guests, and to the following club members: Mrs. L. R. Hudson, Mrs. J. M. King, Mrs. B. Brewer, Mrs. W. E. Miller, Mrs. W. H. Upchurch, Mrs. G. W. Seay, and Mrs. Levi Cole.

The club will meet with Mrs. J. M. King, Thursday, Feb. 4th.

### JUNIOR WOMEN HEAR PAPER ON TEXAS TRADE

Owing to the absence of Mrs. Felix Neff because of illness, Mrs. Carl Scott read Mrs. Neff's well-prepared paper on "Trade, Trade Centers and Transportation in Texas," at the meeting of the Junior Women's club Monday afternoon.

Those present were: Mrs. M. L. Barnard, Mrs. Forrest Ferrell, Mrs. J. Madison Daugherty, Mrs. M. L. Sadoris, Mrs. W. E. Miller, Mrs. Jack Boutwell, Mrs. Claude Moore, Mrs. Harry Woods, Mrs. Carl Scott, and Mrs. Levi Cole.

### BETTY JO THURMAN

A dainty little miss is Betty Jo and an accomplished one, too. She goes acrobatic dancing and is the pupil of Mrs. Lucille Howser of Amarillo. Betty Jo was six when she above pose was made several months ago. She is the daughter of Mr. and Mrs. Joe Thurman who reside west of Canyon.

### TWO LOVELY PARTIES AT SANDERS HOME

Entertaining indeed were the parties given by Mrs. Dan Sanders Thursday and Friday of last week at her home, 1104 Fifth Ave.

Thursday evening, assisted by her husband, Mrs. Sanders entertained with bridge. Auction was enjoyed until the refreshment hour when a tasty salad course was served.

Seated were: Mr. and Mrs. Felix Neff, Mr. and Mrs. Hubert Hartman, Mr. and Mrs. J. Madison Daugherty, Mr. and Mrs. Andy Walsh, Mr. and Mrs. Mitchell Jones, and Mr. and Mrs. Warren Johnson.

The following afternoon Mrs. Sanders entertained the members of the Friday Afternoon club with contract.

Refreshments were served following the play to Mrs. Marion Bishir, Mrs. Bill Black, Mrs. Irby Carruth, Mrs. Guy Harp, Mrs. J. W. Kleinschmidt, Mrs. T. H. Knighton, Mrs. Travis Shaw, Mrs. C. L. Thompson, Mrs. C. R. Burrow, Mrs. Joe Gamble, Mrs. S. L. Ingham, and Mrs. Lee Foster.

### MRS. L. F. SHEFFY ENTERTAINS WITH BRIDGE

Mrs. L. F. Sheffy entertained Friday afternoon of last week and Monday afternoon of this week with two delightful affairs at her home, 2012 Sixth Avenue. Cut flowers adorned the rooms where tables were placed for bridge. Following the games delicious refreshments were served on each occasion.

### JEFF FOWLER AND FERN CASE CELEBRATE NUPTIALS

Word has just been received here of the marriage of Jeff Fowler and Miss Fern Case, December 25, 1931, at Carrizo Springs, Texas, the home of the bride. Both are ex-students of West Texas State Teachers College, and Mr. Fowler took his degree here in '28. They are now living near Lockney, Texas, where Mr. Fowler is principal of the Irick School.

### CHURCH OF CHRIST

Next Sunday is God's extra day. Be sure to attend services at the Church of Christ. I hear people knock the church, yet it never tears down; it is always building up. How ungrateful to knock.

The Lord needs men and women. Yes, but you need Him far more than He does you, all can share equally in what it has to give. The Church of Christ is here to give. The Church of Christ is here because Jesus, its Founder believed everybody worthwhile.

There is no substitute? Why not go Sunday. Can you afford to do otherwise

Bible study, 9:45 a. m. Preaching, Bro. Westbrook will bring a message, and at the evening hour, Bro. Geo. Archer will bring a message on "What Meaneth These Cries?"

John O'Dowd, Evangelist.

### CARD OF THANKS

We wish to thank our kind friends and neighbors who were so thoughtful during the illness and death of our dear husband and father. Especially do we wish to thank those who sang and those who brought floral offerings.

### MISS MATTIE SWAYNE SPEAKS TO BOOK CLUB

Miss Mattie Swayne addressed the members of the Woman's Book Club and a number of visitors on the subject of "French History in Modern Travel" at the meeting of the club Wednesday afternoon.

In her talk Miss Swayne dealt for the most part with the Renaissance and the Revolution in France, mentioning rulers and heroes of those periods and giving their effects on the country. She spoke of the cathedrals, the palaces, the noted residences, and the museums giving some time to Paris as an art center of the world.

These open lectures given as part of the year's program by the Woman's Book Club are becoming increasingly popular. Miss Mary E. Hudspeth will speak on "Spain and her People" at the lecture period the twenty-fourth of next month.

RUSSIA ASKS COLLEGE FOR EXTENSION BULLETIN

The United States of Soviet Russia is making a study of correspondence work, through its Society for the Promotion of Cultural Relations with Foreign Countries, and the West Texas State Teachers College has been requested to furnish the Society its correspondence bulletins. In turn, the Russian government will send to the college here its plan for helping people through this method, according to a letter from L. Shifrin, Chief of the International Book Exchange Department of the Society.

Bulletins of the local college have been requested by other foreign lands.

PLANS BEING MADE FOR SUMMER QUARTER

Plans are being made at the College for the 1932 summer session. The bulletin giving information regarding the summer school is in the hands of the printers, and Dr. Hill is determining his faculty.

Although there is no way of predicting the summer attendance with any degree of accuracy, the administrative officers of the college feel that the fact that the attendance has not decreased during the current year is a good indication that the summer attendance will be up to normal.

## Pampa News Talks Need for Museum Funds Immediately

The following editorial in the Pampa Daily News, Olin E. Hinkle, publisher, discusses the museum of the Panhandle-Plains Historical Society:

And while we are on this subject of pioneer days, may we suggest the urgent need of contributions to the museum fund of the Panhandle-Plains Historical Society? Dr. J. A. Hill and Prof. L. F. Sheffy of the Teachers college and Horace Russell of Amarillo called on the Pampa Saturday to report the urgent necessity of matching the state's \$25,000 fund for a museum building.

The legislature appropriated \$25,000 to house the old relics and highly valuable records—providing citizens of the Panhandle were enough interested to give an equal sum to build a \$50,000 structure.

Ordinarily, it would not be hard to raise the amount, but hard days are upon the cattlemen and many others who would like to give as much as \$1,000. The entire plains citizenship must rally to the cause. Unless the contract for the building is let by August 31, the state's portion will not be obtainable. It is mandatory upon all of us to keep that appropriation for West Texas and to house the records for the sake of posterity and the perpetuation of the esteem in which we now hold our pioneer residents.

There are thousands of valuable ranch records and memoirs which, once lost, can never be replaced. Many of them are lent. They cannot be adequately shown because of lack of space at the Teachers college. Distant universities are trying to obtain possession of some of the records. To keep them in this native environment, we must provide suitable housing. They will preserve the data on the brave lives of the early settlers, and will bring hundreds of students to the plains to obtain data on pioneer customs.

Your contribution, no matter how small, will make the \$25,000 goal much easier to attain. More than half the sum has been raised, but the last \$10,000 will be the hardest. If you are interested, if you appreciate the work of the rugged pioneers, just hand your contribution to The News or mail it to Prof. L. F. Sheffy, Canyon, Texas.

## STEWIN' A SON-OF-A-GUN!

Three Johns, All Old-Time Cowboys, Tell How to Kill the Fatted Calf and Brew the Heavenly Hash of Chuck Wagon Fame.

By Mrs. Benjamin F. Harper,  
In The Dallas News.

Son-of-a-Gun Stew—how many living persons know how to concoct that delicious old favorite of the West? How many moderns have even an idea of its aroma or flavor? Three men—each named John, each a son-of-a-gun stew artist of the Panhandle, generously have given me their recipes for the famous dish. They know how to cook any part of the beef from the head to the hoof. They know how to serve it in chuck wagon style, and as that style is fit for any king, so is son-of-a-gun stew food fit for a king, be he royal or cattle king.

First, meet John Snyder, Amarillo peace officer:

"Come and get it, all you want but don't pick!—That was chuck wagon etiquette when serving son-of-a-gun stew, and gosh, they aren't to be choosy, did they, Ben?" Snyder addressed his question to a cow waddie who lives at my house.

"No sirc," answered Ben, "It was all good." And the two Irishmen, range veterans, chuckled in memory.

"How to make it?" continued John Snyder. "Well, I'd say first you get the calf. Here's how we did it:

**Makes You Hungry to Listen.**

"The night we wanted to have that stew for supper the boys around camp would kill and dress the fattest calf they could find. They took for the stew parts of the liver, heart, sweet-bread, marrow-bone, tongue and some of the tenderloin and choice bits of flank steaks. Last of all, the brains were added.

"You start cooking like this: first you put some bits of suet in the round-up kettle, to be frying out while you cut the ingredients into small pieces; add the pieces, cover well with warm water, adding hot water from time to time as needed. Season with salt, pepper and a little onion. Cook until tender, or about two hours. Don't forget to add the brains," he cautioned anxiously.

"The nearest I can come to describing the stew is to say that it tastes like giblets of chicken, and I guess we all know about giblet gravy.

"And listen: the whole secret of success with that son-of-a-gun depends on the ingredients being from a freshly killed calf, and cooked at once.

"After the cook got the stew cooking, some of the boys watched it while the cook mixed the sour-dough biscuits and set them to rise in a warm dutch oven. Then he made the coffee, and sometimes we had fried potatoes; but usually when we had that stew, no one wanted anything but that and hot biscuit and coffee. For I'm telling you there's nothing on earth any finer eating than that stew, when it's made right."

Ben nodded his head in agreement.

"The first time I ever saw that stew made was at the L. I. T. Ranch at Old Tascosa, years ago," continued John Snyder. "An old Mexican cook made it, and it was good. That Mexican lived to be the oldest man I ever saw; might have been from eating that son-of-a-gun stew, far as I know.

**Put 'Em To Sleep**

"A fellow could pound leather all day long, come into camp at night, tired, hungry as a wolf, and fill up on that stew, rich though it was, and after a smoke and a yarn or two, unroll his bed, crawl in and go to sleep—and I mean sleep, too. The rich food would never hurt him one bit. I've done it many times, so has Ben. Guess it was that sleeping out of doors that took care of the overeating.

"One time I made that stew here in Amarillo, when it was served right out of the old round-up kettle to guests in one of the most luxurious apartments in the hotel. The hotel chef almost wept at the sight of that black kettle, but the host said, 'Send 'er up, boys, just as it is,' and I did. It was the best I ever made.

"Another time something funny happened. I still laugh when I think about it. As you may know the cow-boys used to have a stronger name for that stew. One day I was barbecuing and making son-of-a-gun for an out-door gathering when two ladies of the party ran down to where I was cooking. One hurried over to the stew kettle and asked: 'What are you cooking?' I knew the name would surprise her, so I answered in Spanish. Just then her companion reached the kettle and asked the same question. The first arrival gave her head a toss in my direction and answered pityingly, 'He doesn't speak English.' Gosh, I felt cheap.

"Once at the ranch a jackleg gambler stopped for the night. Ranches had to be hotels in those days, you know. None of the boys were overjoyed to have his company, so when he wondered about

the menu for supper, one of the boys ups and says, 'Stewin' a son-of-a-gun.'

"When did I first hear of that stew?" His eyes twinkled. "As far back as I can remember cowboys have had son-of-a-gun."

No beef stew story would be complete without a word from John Arnot, Scotchman, president of the T-Anchor Cowboys' and Cattlemen's Association, now serving his sixth term.

When Turner, the regular T-Anchor stew cook, is not on hand, the president dons the cook apron, steps in and does the job in a big way. But whether it is he or Turner, or this John or that John, or the other John, at the kettle and barbecue, "there ain't any leavin'."

"The first time I ever ate that stew," explained Arnot, "was in 1884, at a Cimmaron River cow camp this side of Dodge City, Kansas. That was before I had ever seen the Panhandle of Texas."

"One thing about that stew I've always noticed; the ladies always act suspicious of it; as if they thought there was something mean and onery about it—because of the name, I suppose. You hardly get them to taste it the first time they see it. When we lived on a ranch in Potter County, we always boarded the school teachers. The first time we served them son-of-a-gun they refused to be helped at first serving, but after they saw everyone else eating it so heartily, and for a good whiff of the aroma, they would timidly pass their plates and say, 'I believe I'll take just a small spoonful please.' In a few minutes the plates would come back, and a small spoonful was not designated this time. They did not like the name, but they sure did like the flavor."

And now listen to John Turner, a native Texan, who lives at Umbarger and writes with the assurance becoming a sage:

**DEAR MADAM:**

I write you in regards your inquiry to the stew. Guess I made about as much of it as anyone, and about as long. I went to cooking on the trail and ranches in 1879, but not in any large quantity until we organized the Old-Time Cowboys' Reunion at the T-Anchor ranch, some ten years ago. It takes about forty gallons of stew every meeting.

Now as to what it is made of. It is almost everything about a calf. In fact, whenever anyone in this day and time comes around, asking what is in it, I tell them that we kill a calf and throw everything in the pot except the hide and hoofs.

Now that is the recipe for making the genuine son-of-a-gun, by one who knows how.

Yours truly,

J. W. TURNER.

Those early days on the range and trail were happy and care-free for most, but I am told that when the new law began its march westward, began to question and to clamp down on cowboy government, that lawyers did more than a little to cramp liberties. This caused the riders of the range to feel somewhat resentful toward them and soon cowboys no longer called that stew by its old name—instead, dubbed it "District Attorney."

Why? Ask an old-time cowboy.

## BUFFS TO LEAVE ON MAJOR ROAD TRIP OF SEASON

FINISH SERIES WITH AGGIES TONIGHT; TRIP WILL LAST TEN DAYS.

Almost without stopping to rest after their games with the P. A. M. C. Aggies, Coach "Sad Sam" Burton and his squad of fighting Buffaloes on the major road trip of the season. They will be gone approximately ten days and will play a total of four games with some of the best teams in the state.

On Friday night, January 29th the thundering herd will engage the North Texas State Teachers College cage five in a battle of baskets. The Dentonites are said to have one of the strongest teams in the newly formed Lone Star Conference. If the Bison can win a game from them, they will know about where they would stand had the T. I. A. A. not been divided.

**Meet Southwestern Champs**

Saturday night, January 30th, the Buffaloes, who were champions of the Texas Intercollegiate Athletic Association last year will meet the 1931 champions of the major conference in the southwest, the Southwestern Conference. The Horned Frogs of Texas Christian University had little trouble in winning the conference last year, and from all reports they have the best team again this year. They literally romped all over the Longhorns of Texas University last week to win by the overwhelming score of sixty-two to twenty-two.

The game between the Bison and T. C. U. will be a comparison of the class of basketball played in the two conferences. This is the first time that the champs of the conferences have had the opportunity of matching their skill, and it is also the first time that the Buffs have had the privilege of playing the Fort Worth boys.

After leaving Fort Worth, the elongated lads will journey to Abilene to play two games with the McMurry Indians. The two games with the Indians will be conference games and will affect the standing of the Buffaloes in the T. I. A. A. materially. The McMurry lads received their first basketball victory in two years about two weeks ago when they won from the Javelinas of the Texas Arts and Industries.

Coach Burton states that his men will have to fight to the finish all the way through to bring home the bacon on this trip. Fight 'em Buffs, W. T.'s behind you!

**Dist. Ep. League Rally Held Here Saturday, Sunday**

Saturday afternoon the Methodist Church opened its doors to approximately one hundred and fifty young people. Epworth Leaguers from all over the Panhandle were enrolling for one of those gay and wholesome rallies that the Methodist Church often sponsors.

The rally opened with a dinner in the church dining room served at six o'clock by the women of the church. Immediately following the dinner, group and worship meetings were held. A delightful pageant was presented by the Panhandle Hi-League under the direction of Miss Jewel Faulkner, District Hi-League Councilor. Directly after the pageant a recreational hour was enjoyed. Punch was served to one hundred and fifty enthusiastic young people. The visiting members were entertained for the night in the homes of the local members of the Epworth League. At seven o'clock Sunday morning a watch service was attended at the church by seventy young people, after which breakfast was served in the dining room by the young people of the local church. Mr. S. H. Condon of W. T. S. T. C. addressed the entire Sunday School at the ten o'clock hour. Although the church service at eleven o'clock closed the Rally, many of the visitors were conducted through the Historical Society Museum at two o'clock.

All of the meetings were presided over by Miss Beth Williams of Amarillo who is the District Secretary. Dr. Keys of the Polk Street Methodist Church and Dr. J. W. Watson, conference Superintendent of Christian Education, were present at the Rally. Dr. Watson gave an address at the eight o'clock hour on Sunday morning. All the visitors were loud in their praise of the Canyon Methodist church and its hospitality.

## COWPUNCHERS OF SIMMONS BACK DOWN

Panhandle basketball fans were handed a big disappointment Saturday afternoon when the Simmons University Cowboys, for three years cage champions of the Texas Conference, cancelled their two games with the West Texas Buffaloes, to have been played in Canyon Monday and Tuesday nights, of this week.

Weather conditions and absence from school duties on the part of the team forced the coaches to cancel the game, at least that was the reason given, but the Big Buffalo coach, Sam D. Burton, is forced to believe that the Cow-boy coaches expected to take two lickings from the Buffaloes.

Due to this disappointment the Buff Coach, in return, cancelled the two games scheduled with Simmons, which were to be played in Abilene, February 3 and 4, following a hard road trip from Denton, Fort Worth, and two games with McMurry. So, for the first time in many years there will be no basketball games between the West Texas Buffaloes and Simmons University.

That Buick Bus, under the supervision of S. D. Burton, which sits in the power house during its rest periods, has been driven 25,681 miles to date, and the Buff Menor states that 22,000 miles have been through mud and heavy rains, therefore, it is hard to believe that weather could keep a team from filling its appointments.

## Barnett Will Talk to Newly-Formed Graduate Club Fri.

What will the present trend toward cut in teachers' salaries lead to?

This is the question which Dr. Albert Barnett will discuss before the Graduate Club Friday morning at the 11 o'clock hour. School boards all over the country are cutting the teachers' salaries from five to ten per cent for the coming year. The extent to which this cut will lower standards of education and living will be discussed.

The constitution and by-laws of the Graduate Club were formally presented by Malcolm Hunt, chairman of the constitution committee last Friday. The eligibility of membership was placed as any student or faculty member officially enrolled in the West Texas State Teachers College who has the B. A. degree or its equivalent.

**Hill, Sheffy Go to P. P. H. S. Com. Meeting in Pampa**

A committee meeting of the Panhandle-Plains Historical Society was held Saturday Jan. 23 in Pampa, with T. D. Hobart, president of the society, Horace M. Russell and J. A. Hill, members of the Board of Directors, and L. P. Sheffy, field secretary in attendance.

In view of the fact that construction of the Historical Museum is to begin prior to September 1, 1932, the field secretary was instructed to begin the collection of funds already pledged to the society. A subsequent meeting will be held the first week in March with the view to perfect plans for the annual program of the society, which will hold its annual meeting at this college April 8.

## 125 Enroll in S. S. Teacher Training School Wednesday

Enrollment in the Canyon branch of the International Leadership Training School is exceeding all expectations, according to S. H. Condon, who, together with Albert Barnett, represents the College in the organization of this non-denominational school for the training of Sunday school teachers. At the last meeting, which was held last Wednesday evening at 7:30 at the Christian Church, 125 students appeared for work in the ten courses offered.

This heavy enrollment is made up largely of college students, but, according to Mr. Condon, a good many residents to the city are taking advantage of this opportunity of fitting themselves for positions of active civic leadership. The school is being sponsored by all the churches of Canyon, and most of the courses are conducted by members of the college faculty who volunteered their services. These faculty members became interested in the project through their belief that it should be especially valuable to the students in the College because teachers are more likely to be successful if they are able to teach Sunday school classes.

The meeting last week was the second held since the school was started, and work in the various courses is getting rapidly under way. After this quarter it is planned to have the school terms coincide with those of the College. Meetings are to be held weekly, all classes being held in the Christian church.

**LYDIA'S STORY**

The passing of the panic of 1873 found the family fortunes of the Pinkhams at a low ebb. Lydia was 56. The sales of her vegetable compound, which had been more or less local through word of mouth advertising, had fallen off to a point that not even effort the frugal support they had in the past lent the Pinkham family. Then one day her son Will, who had vision and the courage of desperation, put an advertisement in a Boston paper. Orders for one to five gross lots rolled in. Proof enough. From then on every available cent was turned into advertising. Lydia E. Pinkham died in 1883. The third generation of Pinkhams operates the business. The advertising appropriation for 1931 was \$1,500,000. And still we have those who say that advertising doesn't pay!

# 5 Ways To Save Money In Heating!

... as told to us by a thrifty housewife.

The amount of your gas bill is largely in your hands. During winter months, with house heating needs causing a constant demand for gas, you may make a real saving in your gas bill by following the suggestions given below. Help us to help you SAVE MONEY ON YOUR GAS BILL.

1. Don't turn gas up to a point where the flame goes over the top in open top heaters. This wastes gas.
2. Don't try to heat the breakfast room, or adjoining rooms with the range oven. A small gas heater will do the work better and cheaper.
3. If you keep a fire burning in the bath room, see that it is turned low after the room has become comfortably warm.
4. When shopping, or going out for the evening, close the windows, turning out all gas heaters. The house will retain most of its warmth.
5. Don't open doors or windows to cool the room—turn down the gas instead. A wall thermometer will assist you to keep rooms at a uniform temperature.

The Chapel program Tuesday was in charge of Marguerite Dickenson who gave a talk on her trip to Europe.

She told first of her preparation, the securing of her passport, and the trip across.

She told of the celebrating of July 4th in France, of the loyalty of France to Napoleon, of Italy's loyalty to Mussolini, of the queer customs of Holland, and of her return trip via Niagara Falls.

## FINDERS, KEEPERS—

### LOSERS, WEEPERS?

Because you find a book, a fountain pen, a notebook or an article of clothing, is it yours? Just because you find it, is it yours? It is not.

If you should lose something, you would like to go to the office and find it there, wouldn't you? Then, if you find something, make every effort to get it back to the rightful owner. Truth in small doses counts. It has been said "Take care of the small things, and the big things will take care of themselves." Even a pencil or notebook should be turned in. George W. Tuttle, a great business man and writer, says "Strict honesty is profitable."

Besides the matter of right and wrong, "doing unto your fellow-students as you would have them do unto you," there is another important reason for returning a found article. This is the impression upon your fellow students if you are found to possess something belonging to another. Their estimate of you and your integrity will be lowered. So if you find an article, turn it in—the sooner the better.—From "La Sésalpa" Clovis High School paper.

It is faith in something and enthusiasm for something that makes life worth looking at.—Holmes.

## Twenty-Nine Of C. H. S. Pupils Make Honor Roll

A total of twenty-nine people or 13 per cent of the high school made the honor roll for the past six weeks term.

Only three juniors made the roll while the sophomores have a remarkably good showing.

A Roll: Jean Burgess, Mary May Harrison.  
B. Roll: Nadine Lain, Ruth Burtz, George Schmitz, Clarence Wooten, Ray Small, Lilla B. Burroughs, Oliver Grable, Mildred Besire, Mildred Holly, R. L. Burman, Alton Brasuel, Arnor Lee Greenfield, Gaylyn Porter, Judie M. Bible, Pat Cochran, Robby L. Foster, Lenna W. Jennings, Freddie C. Bills, Lorene Mickle, Nell Slayton, Inez Drummond, Marie Price, Rubye Foster, Ellen Dickenson, Winnie Dee Hicks, Jewel Chambers, Thelma Bryant, Robert Orton.

The students whose names are listed in the honor roll have a straight "B" average grade.

## HOME EC. ENTERTAINS

The third year home economics girls entertained members of the faculty and friends with a delightful tea Wednesday afternoon from five to six at the home of Mrs. Edgar Brady.

The tea table was covered with a pink over lace spread in which were placed green candles, pink sweetpeas and refreshments of tea sandwiches and mints. Guests were Mr. and Mrs. Irby Carruth, Mr. and Mrs. Stroud, Mr. and Mrs. McDonald, Miss Dickenson, Miss Murrell, Mr. and Mrs. Barker, Miss Goodrich, Miss Foster, Mrs. C. E. Strain, Miss Jordan, Miss Clark, and Mr. and Mrs. Edgar Brady.

Maxine Middleton and Ruth Frank served the tea and Margaret O'Dowd gave a reading. Other girls present were Vera Edwards, Ruth Burtz and Letha Bagwell.

Two new students have come to C. H. S. this week. Blanch West comes as a junior from Amarillo, and Eddie Ruth Cobb returns from Long Beach, California.

## Buck Quintet Lose Again to Canyon Eagles

White Deer was unsuccessful in their last contest with the Canyon Eagles, losing by 44 to 22, an even greater margin than their loss on the first game. The White Deer girls, however, triumphed again, 19 to 30.

Pearson and Harden were the offensive stars of the hour. Pearson scored 10 points in the first half and Harden made four field goals. Cone and Cox showed up well on the defense, and Cone scored 6 points during the game. Wilson, tiny White Deer forward, scored 9 of his team's points.

During the last period Pearson ran his total to 14 points while Harden was accumulating 12 points to make a total of 20. He was the high point man of the game. In the last period the second team, and part of the third, held the Bucks to 5 points while Black and Williams of the Eagles were successful in scoring four.

The scoring of the Bucks was well divided over their 9 different players. Langham, center, came next to Wilson with four points.

The girls were very evenly matched, but the forwards from White Deer had better aim than the purple and whites. McDaniels, of the visitors scored 10 times for 20 of her playmates' points. The other 10 was added up by Andrews the other forward.

Moore, of the locals, scored 9 points while Sanders the other forward was able to garner 6. Schmitz and Kirkpatrick looped one apiece for the total of 19.

Plaster and Crawford ably manipulated the center positions against their foes.

Recently, he was elected as one of the two annual honorary members to be chosen to the Lloyd Green Allen Scholarship Society.

## Eagles Win One But Lose Out In Sandie Tourney

The Cyclone from Memphis swept down upon the Amarillo tournament, and carried off the high honors, sweeping over the favorites, Daihart and Amarillo, who were not even able to go to the finals. The Cyclone won the honors after their final victory over Hobbs, New Mexico. This was their fourth victory in the two days.

Hobbs had advanced to this stage through a victory on Saturday morning over the Canyon Eagles. The Eagles had previously defeated the five representing Adrian, by the score of 27-22. Adrian sprung a surprise in the first half but the Eagles came to life in the last period and were able to gain their lead.

Saturday morning they met the Hobbs quintet, who had eliminated the lads from Price Memorial College. The game was tight, the Hobbs men scoring only 14 points to 8 for the Eagles.

The low score was the result of strong defensive playing by both teams.

## DOMESTIC ART CLUB

The Domestic Art Club met Monday with the Stitch and Sizzle club as its guest. Talks were given on how to make splatter prints and block prints. The club discussed the use of each and the different methods of making block prints. As the club was reviewing an introduction was made and discussed.

## Clyde Warwick Makes Donation To High School

Hon. Clyde W. Warwick has recently donated several valuable additions to the high school library. "A Complete Set of Texas Statutes" was one of Mr. Warwick's gifts. This book has been needed by the commercial law department for years, but has been too expensive for the library.

A sulphur exhibit from Freeport, Texas, was given. This is an addition to the chemistry department as they take up sulphur and its mining in detail. Texas produces 90 per cent of the world's sulphur supply.

Copies of "Declaration of Independence" and Lincoln's Gettysburg Address were presented to be framed.

The school appreciates this addition to the many other things which Mr. Warwick has donated.

The Dramatic club started the semester off by electing new officers Monday. The new officers are: Marshall Rockwell, president; Dan Gerald, vice president; T. V. Slack, secretary; Odgen Stroud, program committee chairman; Earl Richie, social committee chairman.

Pantomimes have been the subject of the club's study the last month. A number of very interesting pantomimes have been presented in the club programs. Work on the contest play will begin soon.

## EDITORIAL

Did you ever realize the value of failure?

Failure can teach us more than any other experience. Failure can show us that there is no one in this world so endowed by nature that effort, appreciation, and work is not necessary. Failure inspired us to try again with all we have because it gets under one's skin to think there is something he positively has not the ability to do while others around him are making a good job of it.

Over confidence and satisfaction are two factors that stop progress. A flat failure will soon eliminate over-confidence or too much self-satisfaction.

The feeling that failure leaves with us will soon make us do every thing we can to eliminate its second occurrence.

So failure is not without its merits. Its value to us can be dispensable.

Germ Processed  
Oil Saves Motor

When Walter H. Freed reached Pueblo, Colorado, after a 41-mile drive from Colorado Springs, his car was so hot it had to be put into gear before it would stop!

He had plenty of Conoco Germ Processed Oil in the car. No steam was coming from the radiator, so he did not suspect the cooling system.

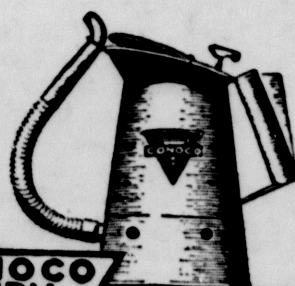

But a garage man found not a drop of water in the radiator! The 41 miles had been driven without water in the radiator—only the oil to keep the motor from burning up.

Conoco Germ Processed Oil withstood this ordeal! Inspection of the motor revealed no damage done.

Convincing evidence of Germ Processed Oil's stability, of its sure protection under the most trying conditions! Proof that Conoco Germ Processed Oil offers you the safest lubrication for your car.

The oil that protects motors through such ordeals will lubricate your car better in every-day driving. For peace of mind, for economy and long motor life, change now to Conoco Germ Processed Oil at the sign of the Conoco Red Triangle.

We neither encourage "dry radiator" experiments nor guarantee success under all conditions. But unsolicited letters from motorists, now in our files, testify to this and hundreds of other unusual tests of Conoco Germ Processed Oil—runs of ten to over fifty miles with the crankcase empty.

## Wayside Items

Some sunny days, then cold and cloudy, and Monday snowing. The weather has moderated some, may have a heavy snow later, light fall. Roads are fair, but quite rough in places. Quite a lot of travel again.

Mrs. Bessie Lane accompanied George Hancock and wife to Canyon Wednesday. They made a trip to Amarillo and returned same day. Mrs. Lane remaining for treatment from Dr. H. A. Brown.

Tom Ragsdale of Pampa visited with George Hancock at Wayside past week end.

W. R. Stockett and wife and J. R. Stockett returned the past week from their father's burial at Liberal, Kansas.

Rev. J. R. Plant filled his appointments last Sunday, giving us two good sermons. Mrs. Plant and Jack, Jr. came Sunday night.

Audrey Cunningham attended church services Sunday. He with his parents, Mr. and Mrs. Amos Cunningham, his sister and husband, Reuli Mills, are moving to New Mexico in the employ of Frank Walters of Happy. They finish moving Tuesday. We will miss these estimable families in our Sunday school and church work. Our best wishes follow them to their new home.

J. M. McGehee formerly from Wayside, writes from Gallegos, New Mexico, he is in better health than for a long time. His cattle are doing well. Reuben Rogers of Canyon is with him.

Reported J. B. Williams and wife have exchanged places with W. R. Moore in Knox county. We understand they art to move in a few days. They have a new rock dugout on the home place they are leaving. We wish you success and good luck, neighbors.

Relatives of Mrs. Ida Sluder gave her the surprise of her life last Sunday, the 24th. On returning from church she found quite a crowd of relatives had taken possession and were arranging to serve a superb birthday dinner. Three brothers, John T. W. D., and M. L. McGehee, three sisters, Mrs. Mary Jenkins, Miss Sallie McGehee, of Canyon, and Mrs. Bessie Lane, six of nine brothers and sisters, Fannie Franklin, M. C. Sluder and Grace Counterman, Happy, three out of five of her offspring, with a goodly number of other relatives, and some friends assembled to make the day a never to be forgotten birthday. The dinner was ample and most excellent quality, served cafeteria style. Fannie Franklin presented the large birthday cake with "74" outlined with candles. A number of presents were presented and much appreciated by the recipient, who wishes to express her abundant thanks for a birthday long to be remembered and all it brought.

## Hill Will Talk at Several Group Meetings Soon

Dr. J. A. Hill, president of the West Texas State Teachers College and of the Texas State Teachers Association will spend much of his time during the coming months in making addresses before teachers of Texas and in attending meetings in connection with the institution which he heads.

On February 5 he will attend a conference with R. T. Ellis, secretary of the State Teachers Association at Fort Worth. The afternoon of the same day will be spent in a meeting of the Texas Teachers College Presidents at Dallas, and February 6 occurs the quarterly meeting of the Teachers College Board of Regents, also in Dallas. He will return to Canyon February 7th.

The South Texas Division of the Texas State Teachers Association will hear him speak on February 12 and February 13 will be spent at the College of Arts and Industries at Kingsville.

Returning to Dallas on February 14, Dr. Hill will leave for Washington, D. C., where he will attend the meeting of the American Association of Teachers Colleges on February 19-21; and the National Education Association February 21-25. On February 22 he will be a guest at Washington University at a celebration of the Bi-Centennial of the birth of George Washington.

April 8-9 he will speak before the meeting of the Mid-Texas Division of the State Teachers Association at San Angelo. On August 17, he will deliver the Commencement address for the summer graduating class at Baylor University, Waco.

While on the trip to Washington, Dr. Hill hopes to visit Monticello, the home of Thomas Jefferson, the University of Virginia, and one or more of the Teachers Colleges of Virginia.

## Four Amarillo Men

(Continued from page one)

to earn money for this year. John Alldredge worked on a farm near Wayside last summer; he and Fayette Rudolph live together with two other boys; they keep their total living expenses down to \$12.50 per month.

Jesse Thompson, the fourth student, is older than the others, has had experience as a farmer and teacher; he is married. The \$100 which he receives enables him to pay his fees and take care of incidental expenses which make the difference between his being able to remain in college or forcing him to drop his work within a few months of graduation.

The men who gave these four scholarships are especially interested in the development of the agricultural resources of the Panhandle. The boys who hold the scholarships all expect to identify themselves with agricultural pursuits. Devin, Alldredge and Thompson intend to return to rural communities as teachers. Rudolph expects to do further study in the fields of animal husbandry and range management and go into government service.

## SPOKE AT FARWELL

Mrs. J. A. Hill, president, and Mrs. Clyde W. Warwick, secretary of the Seventh District, visited the Panhandle County Federation Saturday. The County meeting was held at Farwell. They expect to visit other clubs at Pampa, Canadian and Memphis, soon. The president hopes to visit every county and city federation in the district before the annual meeting in April.

Do your shopping in Canyon.

## Plan Annual Meet Historical Group Early In April

Professor L. F. Sheffy and Dr. J. A. Hill were in Pampa Saturday in the interests of the Panhandle Plains Historical Society. At Pampa they conferred with President T. D. Hobart and Horace Russell regarding the plans for the completion of the Historical Society's Museum project. The Society must finish raising \$25,000 before August 31, 1932 in order to get the \$25,000 appropriation which was made by the legislature to build a Museum building in Canyon for the Society.

The next meeting of the committee will be held at Amarillo during the first week of March, at the offices of the Amarillo News-Globe. It is hoped that all the members of the Historical Society Board of Directors will be present at that meeting, which, according to Mr. Hill and Mr. Sheffy, will be extremely important to the organization.

The annual meeting of the Historical Society will be held April 8. President T. D. Hobart of Pampa, was asked by those present at the Saturday meeting to see if Mr. Frank Kell of Wichita Falls could be secured as the main speaker for the banquet.

It is hoped that J. Frank Dobie of Austin, and J. Evetts Haley can be present at the meeting. The music which will be a feature of the banquet program will be that of David Guion, Texas composer who formerly lived near Abilene.

With constantly growing interest in the Society and its work it is believed that many new members will be added this year. Mrs. Frank J. Storm of Amarillo was in Canyon Saturday and became a member. She was accompanied by Mrs. C. M. McCullough who has been a member for several years.

## DR. GEO. INGHAM HEADS DENTAL ASSOCIATION

Dr. Geo. G. Ingham of Amarillo, son of Dr. and Mrs. S. L. Ingham, was elected president of the Panhandle Dental Association in closing the meeting in Amarillo Tuesday.

## CARRUTH TO SPEAK

Superintendent Irby Carruth of the Canyon Public Schools will speak at the College Assembly Saturday morning at eleven. His subject will be "What the Superintendent Expects of the Teacher."

## NEW EXTENSION COURSES STARTED BY COLLEGE

A new Extension class has been started by the College this week, with Professor J. L. Dufflot in charge. The class will study the subject of Ethics and will meet each Monday night at Panhandle. Among those enrolled are students from Borger, White Deer, Groom, Pampa and Panhandle. A number of people who are not interested in college credit but are interested in the subject will be members of the class.

Other extension classes are being taught at Amarillo by Dr. R. P. Jarrett, Miss Dorthula Walker and Dr. F. M. Darnall, and Professor C. W. Batchelder is teaching a class of business men who are taking Public Speaking. This class is in Canyon.

# About Overdrafts

OVERDRAFTS ARE NOT GOOD FOR THE PERSON CREATING SAME NOR FOR THE BANK. There are plenty of reasons why a depositor's account should never be overdrawn. The principal reason is: That an overdraft is in a way a forced loan and tends to detract from one's credit rather than add to it.

Overdrafts may sometimes be honored but such transactions usually serve to remind the bank granting same that correct business methods are not being followed.

Both the National and State Banking Department look upon the granting of overdrafts with disfavor, and we hope that you will be considerate of our position and do your part in order that we may not be subjected to any criticism along this line.

The First National and the First State are here to render you the best of their service in every way possible, and certainly we want to be accommodating—but we do not desire overdrafts—in a way, unsecured loans that detract from your credit, injure our own standing and endanger the interests of our depositors.
